

# Thread Painting and Thread Sketching Combined

## 8 Hour **Open Enrollment** Workshop

Nancy Prince

**Workshop Description:** This workshop introduces you to both thread painting and thread sketching. A preprinted design easily guides you through each step to assure your success right from the start. The straight and zigzag stitch creates magic right before your eyes. The comprehensive workshop will guide you through each step of the project and is almost like having a private lesson with me. So come see how easy the process is and how much fun creating designs in thread can be. !

## Checklist to prepare for workshop:

1. At least 7 days before the workshop purchase the workshop and any needed products
2. Know Zoom requirements
3. Prepare your machine for free-motion

- Basic sewing supplies – machine scissors, 80/12 Microtex sharp or topstitch machine needles, tweezers, seam ripper, etc.
- Sewing machine
  - *Please know how your machine works and make sure it is in good working order before class. For thread painting you will need to know how to drop the feed dogs, how to adjust your machine for free-motion machine embroidery, how to change the upper tension and know where to change the width on the zigzag stitch. If you are unsure of these machine adjustments, please check with your machine dealer before class. A solid sewing platform is recommended. You will need a zigzag throat plate. Thanks for checking this out before class.*
- **Open** toe free motion foot from left in photo: Bernina, Janome or Baby Loci and Pfaff. Visibility on machines with a clear oval plastic foot is practically zero. Cutting away between the two red lines on this type foot works well. Check with your machine dealer for optional free motion feet.
- Black permanent ultra-fine point marker
- High tension or embroidery bobbin case (only if you have one)
- Knee lift (only if you have one)

Free-motion feet
